

Eyelash Extension Aftercare

Please follow these guidelines to ensure you receive the best results:

- Resist the temptation to touch your beautiful extensions for 2-3 hours after application.
- Avoid sleeping on your face.
- Silk pillowcases are wonderful to help prevent wrinkles, keep you hair looking shiny and of course protecting your eyelash extensions.
- Keep lashes dry for 24 hours after appointment.
- Avoid steam and heat sources such as hairdryers and ovens.
- Do not rub, pick or pull at the lashes.
- Do not perm, tint or curl your lashes.
- Do not use oil based products (eye creams, make up removers etc) as it may breakdown the bond in the glue.
- Cleanse regularly and gently using a lash friendly cleaner.
- Gently brush your lashes daily.
- You can go swimming, use saunas etc, but please avoid rubbing your eyes or ask your tech if they can recommend a sealant - otherwise you should wear protective eye wear.
- Avoid using Mascaras and Eyeliners with your extensions.
- To keep lashes full and lush we recommend that you schedule a regular infill (approximately every 2-3 weeks)
